### DESCRIPTION

Powerful, efficient and silent, Cielo ceiling hood consistently delivers exceptional performance across all installation modes. Sold separately is either an internal, inline or an external blower with 600 or 1200 CFM options. Only 12" of ceiling clearance is required for installation due its multidirectional ducting options. This hood will effectively extract and clean air on ceilings up to 10 ft. With its perimeter aspiration capacity and minimal sound emissions, Cielo enhances the overall kitchen environment, effectively removing vapors and maintaining a peaceful living space. Either with a Stainless Steel Finish or a Panel-ready Option for matching the ceiling design, Cielo is the perfect complement for any space.
